Re: Site Assessment Plan  
Former Mobile Manufactured Gas Plant site  
Mobile, Mobile County, Alabama 36602

Dear Mr. Fine:

Personnel from the Department have reviewed the Site Assessment Plan submitted by McFadden Engineering, Inc. on behalf of Mobile Gas Service Corporation for the former manufactured gas plant site at 804 Dr. Martin Luther King Avenue in Mobile. The plan proposes excavation for verification of tank locations, installation of eleven permanent groundwater monitoring wells, sampling of surficial/subsurface soils, groundwater, and surface water from One Mile Creek. The plan adequately addresses site historical operations and the proposed assessment activities appear appropriate. The plan is hereby approved.

If you have any questions or comments regarding this matter, please contact Scott Demick at (334) 394-4336 or via email at [sdemick@adem.state.al.us](mailto:sdemick@adem.state.al.us).

Sincerely,

A handwritten signature in black ink that reads "James L. Bryant". The signature is written in a cursive, flowing style.
